

LIBRARY NEWS

MAKING LIFE EASIER FOR YOU!

These days, pretty much everything has gone online, whether you are looking for work, need to apply for benefits, or study for your driver's license or GED. The library has taken the mystery out of navigating these websites by providing step-by-step instructions for getting through to completion.

Stop by the front desk and get instructions for:

- Finding employment through the Texas Workforce Commission
- Studying for the GED
- Practice tests for getting a driver's license
- Applying for rental assistance from HUD
- And more!

EARLY LEARNING FOR YOUR CHILD

The library has computers especially designed for childhood education: AWE workstations.

The AWE Station offers children a safe, standalone computer not connected to the Internet that is age-appropriate, engaging, and academically relevant for children. It is designed to support school readiness and technology access while making learning exciting and engaging.

This provides an opportunity for parents to introduce their children to computer skills, or to provide the child with learning on their own while the parent completes tasks on the library computer.

TEXAS LIBRARY SYSTEM ACCREDITATION

Three cheers for Lake Whitney Library! Your library has earned accreditation and full membership in the Texas Library System for the upcoming fiscal year. Benefits include continuing education, E-Read Texas electronic books, the E-Reader app, and TexShare Databases which provide a wide range of resources from preparing for college to Chilton Automobile Repair manuals.

WORD OF THE DAY—DEFER

To defer means to choose to do (something) at a later time. E.g.: “She *deferred* her master’s program for a year so that she could travel the world.”

CELEBRATE THE DAY OF THE DEAD

The Day of the Dead combines the Aztec custom of celebrating ancestors with All Souls’ Day, a holiday that Spanish invaders brought to Mexico starting in the early 1500s.

The holiday, which is celebrated mostly in Mexico on November 1 and 2, is like a family reunion—except that ancestors are the guest of honor. Day of the Dead is a joyful time that helps people remember the deceased and celebrate their memory. The library would simply not be the same without its volunteers who contribute their time in performing tasks such as repairing books and returning them to circulation. Hats off to Ruth Maddux who has been volunteering for 15 years! Thanks for all the time, effort, and excellent work!

SAYING GOODBYE TO AN OLD FRIEND

The library is saying goodbye to Thelma Garner, who, after 9 years of volunteering and working is retiring from her library work. We thank her for her diligent work in organizing the library’s files, assisting patrons at the front desk, ensuring books are properly shelved, and many other tasks. We will miss her, and we wish her the best.

Nora Roberts is an American author of more than 225 romance novels. She writes as J. D. Roberts was the first author to be inducted into the Romance Writers of America Hall of Fame.

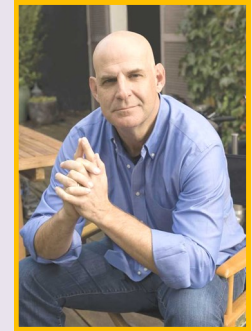

November—**John Sandford**

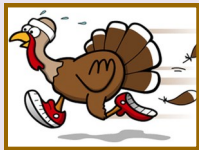

John Sandford is the pseudonym of John Roswell Camp, an American author and journalist. Camp won the Pulitzer Prize in journalism in 1986 and was one of four finalists for the prize in 1980. DID YOU KNOW?

Adding stamps to mail has been standard practice since before the U.S. was actually a country. In fact, the idea is hardly American itself. Countries across Europe were using postage to mail letters long before the U.S. was ever thought of, let alone organizing a post office. Postage dates back as early as the 1600s, starting with an ink stamp proving that the delivery fee had been paid. In the 1800s, postage that was placed on packages themselves was adopted as the norm with pressed wafer papers. Later in the same century, more studies were performed, leading toward the more modern use of stamps that are durable and that self-adhere to letters and packages.
